

► **RE: REACH Regulation**

Dear Customer

All products supplied by Park Electrochemical Corp. and its Subsidiaries are defined as articles under REACH legislation. This means they are not required to be registered prior to importation into the European Union. This letter also certifies that the substances of very high concern listed in the table below are not intentionally added during production nor would they be expected to be present in the final product or have been tested and we certify that they are present in levels well below 1000 parts per million.
